COMMENTS FROM THE TOWN MANAGER'S OFFICE

Although the subject of pollution abatement of the Androscoggin River has not been in the headlines of the news lately, the question of a solution for Bethel is under consideration and material is being gathered on various types of treatment plant.

There are several types of treatment plants that use different steps and processes to collect and purify the municipal industrial wastes that are dumped into rivers and streams as raw sewage. There are advantages to each type of system, such as size, low initial cost, low maintenance and many others.

A consulting engineering firm should make a study of any community or industry that is planning a treatment plant and make recommendations for location and design. The state and federal governments are interested in these plants and can often give technical as well as financial assistance.

There is a type of treatment facility that has been used a lot the last ten years in the central and north central section of the country that is called—a waste stabilization lagoon. Two of the big advantages for this type of plant is the relatively low installation cost and the low operation and maintenance cost. Disadvantages at times with this type of facility are large area required and cost of installation of interceptor lines to get the sewage to the lagoon. Another complaint has been registered against this type of treatment is the odor but it has been proven in the towns and cities that have lagoons that they work very satisfactorily.

There is material available in the town office about these various types of plants. Any interested persons may come in and examine the material.

B. A. D. C. DIRECTORS MEET

Several matters of importance to the Bethel Area were discussed and acted upon at the meeting of the Bethel Area Development Corporation's Board of Directors held last Thursday evening according to an announcement made this week by Dr. John W. Trinward, President and Chairman of the Board.

The present and future use of the Bethel Airport and its importance to the economy of the area was one of the subjects considered. It was pointed out that the use of the Airport has increased considerably in recent years and that there are indications that the present trend will continue if the facilities can be improved and expanded to meet the requirements of the larger and faster airplanes that are coming into almost everyday use for both business and pleasure travel. It was also conceded, in the discussion, that no definite plan of action could be suggested to the Town of Bethel, present owner of the facility, without some authoritative projection or estimate of the future use of the Airport and its potential impact on the economy of the Town. Two of the B.A.D.C. Directors, Richard L. Davis and Burton L. Newton, were appointed as a Special Committee to investigate the possible future use of the field by both local and nearby industrial interests.

Roger D. Luce, Chairman of the B.A.D.C.'s State Park Committee, was commended by the Board for the work done during the past year by his committee in cooperation with several other representative groups and individuals in the matter of a legislative appropriation for the purchase of land at Grafton Notch for a New State Park. Mention was made of the fact that this development has been a major project of the B.A.D.C. for the past five years and that, at one time or another, every member of the Board has taken an active part in its promotion.

There was also a brief report from a Special Committee appointed by Dr. Trinward in July to the effect that, due to its efforts, the State Highway Department has considerably improved the system of directional signs on the roads leading traffic into the Bethel business district.

In other action taken, the Directors voted to recommend to the B.A.D.C. members, at

their next meeting, that they vote to suspend the payment of the annual dues to the Corporation for the ensuing year as an "assist" to the current program for the expansion of activities of the Greater Bethel Chamber of Commerce, which it is expected will be launched in January.

STATE POLICE SUGGEST—PUT MORALITY INTO YOUR DRIVING

"Let's put first things first in our battle to bring about more safety on our streets and highways," the State Police urge. "Let's incorporate morality into our driving."

This plea for a basic approach to the problem of traffic crashes was voiced as Maine enters the "Holiday Hazard" season leading to the Christmas-New Year period, traditionally a time of unusual danger on the streets and highways.

"It is useless to enact traffic laws and to try to enforce them, unless motorists maintain a moral attitude toward traffic conduct," continued the enforcement group.

Mr. and Mrs. Henry Sander-son of North Waterford, were guests for dinner Sunday at the home of their daughter, Mrs. Dwight Morrill, and family.

NEW BOOKS AT BETHEL LIBRARY

Adults:
"Upon this Rock," by Frank Slaughter. Dr. Slaughter's finest and most powerful novel — tells the story of Simon Peter, the humble fisherman who became the Prince of the Apostles.

"The First Day of Friday," by Honor Tracy, "in which the author of 'The Straight and Narrow Path' wends her witty way back to Ireland."

"Katharine Leslie," by Audrey Beyer. "An exciting novel about a young governess in pre-Revolutionary Maine."

"Portrait of Myself," by Margaret Bourke-White. Young People:

"World of Their Own," by L. C. Rendina. "Lovely Kit, introspective, and shy Paula spend a working summer in a present-day Connecticut tobacco camp with other Florida teenagers."

"Tiger Terwilliger," by James L. Summers. "Life was grim enough for Loren Wallace, but when Lanetta Terwilliger, formidable science teacher became football coach, disaster seemed unavoidable. A particularly warm tale."

Easy:
"All in the Morning Early," by S. N. Leodhas.
"Little Two and the Peach Tree," by P. M. Martin.

How desperately difficult it is to be honest with oneself. It is much easier to be honest with other people.

GOULD ACADEMY

Christmas Concert

Music stands, folders, chairs, instruments, and risers will greet the early arrivals to the Christmas Concert in Bingham Hall, Sunday evening, December 15 at 8:00 p. m. Soon the 45 piece band and the 75 member glee club, dressed in blue robes with gold trim, will begin the concert. During that first moment all will be wondering if three months of hard work will prove fruitful. The lights will dim; the band will begin with the opening strains of "Jesu, joy of man's desiring," by Bach; then "Prometheus" by Beethoven, and "The Christmas Suite" by Harold L. Walters.

After a brief intermission, Miss Carol Flint, at the Hammond organ, will play "Toccata and Fugue in D Minor" by Bach. Then the varsity glee club will attempt an entirely different and difficult piece of music in Latin—"The Gloria" (Glory be to God) on high and peace on earth, took will to men) written by Antonio Vivaldi. Miss Flint will accompany on the organ, Mr. Larry Billings on the oboe, and vocal soloists will be Miss Charlene Swain and Miss Louise Delano. The entire program is under the direction of James Owen, musical director at Gould.

Please come and begin the Christmas season by attending the annual concert, first one to be held in Bingham Hall.

Gould Takes Leavitt, 72-70

Both the J.V.'s and Varsity opened the basketball season with victories at Leavitt Institute. The varsity game proved a thriller with the losers putting on a rally in the final quarter — not enough to overtake the Huskies who led at all periods. Paul Inhof led the scoring for the Academy with 18 points, but both Dale Stevens and Dave Brewster were close behind with 17 each. The high point man of

Rev. Patnode

the game was Dan Wells of Leavitt with 24 points.

The Gould J.V.'s won their game by a 56-48 score.

Bridgton Here Friday

The Gould Academy quintets, both J.V. and Varsity, will open at home on Friday with the J.V. preliminary starting at 6:30. The varsity teams will start at 8:00 in a Western Maine Conference game. This game should be a real battle with the visitors perhaps given an edge as they have at least two games experience over the local huskies.

NEW CHEVELLE!

BY CHEVROLET

The kind of go-6 or V8—you'd expect from one of Chevy's great highway performers. Come on down and drive it.

The kind of comfort you'd expect in a large interior. Come on down and sit in it.

The kind of fresh styling—inside and out—that makes it the year's smartest surprise. Come down and stare at it.

New Chevelle Malibu Sport Coupe

Now—Chevy spirit in a new kind of car!

We built this one to do more than just stand around looking beautiful. Hold its weight down in the 3,000-pound range. Then built four lusty engines—two sixes and two V8s—with output all the way up to 220 horses! And it that makes you think this is one frisky car, you've got the right idea.

You've also got a roomy car here. Yet its 115-inch wheelbase keeps it highly maneuverable in traffic and very easy to park.

With its Full Coil suspension, it's got a ride that reminds you of the smooth kind the

way it muffles noise and cushions bumps. And the fine hand of Body by Fisher craftsmen shows up beneath this one's suave good looks, too.

Sound good? There's more. Like the fact that Chevelle comes in three series with eleven models—convertibles, sport coupes, sedans, wagons, even Super Sport models with front bucket seats. Like the fact that (and see if this isn't one of the nicest surprises of all) the new Chevelle comes at an easy-to-take price!

Like to hear more? The Malibu's a wonderful

at your Chevy dealer's—name him and he'll be glad to help you.

Monday, Dec. 9, Judith Grover Tent No. 17 D. of P. V. met at the home of Bonnie Andrews

with 17 members present. Alice Hoyt reported that she delivered the Thanksgiving basket to Mildred Dunham from the tent. Party theme calls have been made by the members. Ann Poland thanked the tent for the surprise luncheon she received during her recent illness. The patriotic instructor, Helen King, in observance of Daughter's Day, gave the following program: Ruth Dunham, historian, showed a scrapbook she kept during her term of President, 1956 to 1962. An article was read on how the organization got its name and became incorporated. Bonnie Andrews, a charter member, gave a very interesting account of how our tent got its name. Past Department President Lilla Rice organized the tent April 1, 1924 with 16 members. Mrs. Rice believed it should be someone worthy of the honor and as Judith Grover, grandmother of Bonnie Andrews, did a lot of good during the Civil War and carried on at home with eight of her children, while her husband and two sons went to war, deserved the honor, so we have Judith Grover Tent No. 17. Grace Knott of Portland is our only other charter member. Carrie Tucker and Flora Sawanah of Norway helped install the first of five.
